EXPERIENCE

Network project

first year of IT engineer school

2017 Exia Cesi , Arras

- We have to put a network into new building with all configuration (about network and computers).
- We have to choose the function of all room to choose the network's configuration.

Language C and Linux project

first year of IT engineer school

2016 Exia Cesi , Arras

- We have to create a launcher with different wallpapers and animations.
- This screen saver must be on Linux and write with language C or Bash.
[Github](#)

Electronic projects

first year of IT engineer school

2016 Exia Cesi , Arras

- We have to create an intelligent glass of water with an arduino.
- This arduino was able to understand if people touch this glass with one fingers , 2 fingers or many fingers immersed in water.

Summer's jobs

Epav Auto

July 2016 – Sept 2016 Coudekerque-Branche, France

- I worked 6 weeks in the same garage where I had to work alone and be really autonomous.

Summer's jobs

Epav Auto

July 2015 – Aug 2015 Coudekerque-Branche, France

- I worked 3 weeks in a garage where I began to discover the company's world and how I can work in autonomy.

Summer's jobs

Nautical base

July 2014 – Aug 2014 Bray-dunes , France

- I worked 3 weeks in a nautical base as monitor's assistant as volunteer to began to work in a team in a different domain than school.

LIFE PHILOSOPHY

"I am able to learn about my mistakes for increase my level."

MOST PROUD OF

Driver's license

I can drive everywhere with any cars.

Punctuality

I am never in late , I am always on time and ready to work.

Sociability & friendly

I am able to be in a team and I can be under the orders of everyone.

Free software and testing a lot of things

I love testing different softwares and operating systems (oftenly Linux) so I change very often to find the best things for me and my computer

HOBBIES

Bicycle

Rowing

Running

Mecanic

Informatics's tests

LANGUAGES

French
English

INFORMATICS SKILLS

Linux: Fedora/Debian
Language C
LaTeX

EDUCATION

IT engineering

Exia Cesi, Arras

Sept 2016 – Ongoing
